

Point Aim & Shoot™ Studios

“Focused Humanity”

The greatest of creative partnerships are forged when like-minded artists unite for the betterment of the human condition. Point, Aim & Shoot™ Studios is an experiment in creativity and action, offering young artist an alternative to violence by putting movie and film cameras into their hands and allowing them to focus on their personal value and power, while creating films and exhibits that celebrate the best of our society’s stories through their eyes.

So often our hourly news threads, popular movies and social commentary illuminate what’s wrong in the world instead of what is right. Point Aim & Shoot™ Studios focuses all creative lenses on good, with lessons in leadership, strength, perseverance, brotherhood and humanity.

Camps, workshops, exhibits and masterclasses throughout the country culminate annually at “The PASS” (Point Aim & Shoot™ Film Festival and Exhibit) that coincides with the NBA All-Star week, allowing the best of the best, to screen their works during a high-energy week of activity showcasing youth filmmakers at their finest.

Point, Aim & Shoot™ PROGRAMS: Point, Aim & Shoot™ Spring Break Camp, Point, Aim and Shoot™ Workshops; Point, Aim & Shoot™ Summer Film Camp; Point, Aim & Shoot™ Promise and “The PASS” Point, Aim & Shoot™ All-Star Film Festival.
